BenQ Gaming Monitor EX2780Q

HDRi Brings Your Visual Experience Up to a Brand-New Level

With HDRi, you can always figure out what's going on in the darkness. HDRi offers intelligent clarity adjustment for clear and realistic details in the darkness. Stunning images come from intelligent brightness control plus emulated HDR. Every move and every image immerse you into the engaging game world.

Have Your Good Game

Specifications are the king for you to pick out a gaming monitor. Clear images, smooth gameplay and less motion blur are what you can't miss. Let's enjoy a good game when racing or shooting, with high speed.

Game Up with Visual Edge

Enjoy your game with enhanced visual effects. Scan around and spot, your enemies will become visible in the woods or the battlefield. Hide in ambush or wait for your teammate's aid, great visibility enhances your gaming experience.

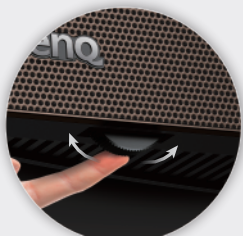

Black eQualizer | get targets from visibility in dark scenes.

ColorVibrance | your enemies are rendered visible in any background

Your Game Your Way

You can decide how to enjoy your games. It's no big deal to tune to your preferred settings from anywhere in your gaming corner with remote control, 5-key navigator, and volume wheel. Pull all-nighters with your teammates from PC to console on your clean desk with well-managed cables.

Remote Control

5-key Navigator

Volume Wheel

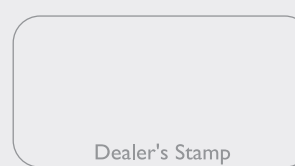

Awded and Immersed with Striking Sounds

Be indulged in the gaming field with full range of sounds with immersion from the well-defined bass to the high-end sounds. Experience every gaming scene with the industry-leading built-in 2.1 channel speakers. True tone sounds will make you awed.
